ARTICLES OF ASSOCIATION

TechWomen DK

Association registered in Copenhagen, Denmark
Public-benefit association (almennyttig forening)

1. Name and Registered Office

1.1 The name of the association is TechWomen DK (the "Association").

1.2 The Association is based in Copenhagen, Denmark.

1.3 The Association was founded on 10 April 2026 and is registered in the Danish Central Business Register (Det Centrale Virksomhedsregister, CVR) under company registration number 46395840.

1.4 The adoption of these Articles of Association does not create a new association. The Association continues unchanged as the same legal entity, with the same CVR number and the same rights and obligations, as before their adoption.

1.5 The Association was registered in CVR under the name TechWomen Cph from 10 April 2026 until the change of name resolved at the General Assembly referred to in Clause 17.1. The change of name does not affect the identity of the Association or its CVR number.

2. Purpose

2.1 The purpose of the Association is public-benefit (almennyttigt). The Association works to promote gender equality, diversity and inclusion in the technology sector, and to advance education, knowledge sharing and technological upskilling, for the benefit of society and of the technology industry as a whole.

2.2 The Association pursues this purpose for the benefit of a wide and indeterminate group of persons, delimited by objective criteria. Its activities are directed at women in and around the technology sector throughout Denmark and are not confined to the Association's own members or to the Copenhagen area. Activities may also be carried out digitally and, where it serves the purpose, outside Denmark.

2.3 The Association brings together women across the tech ecosystem, including but not limited to:

- non-technical professionals (e.g. product, design, communication, go-to-market);
- technical professionals (e.g. engineering, data, development);
- deep tech specialists (e.g. AI, advanced engineering, research);
- founders and aspiring founders.

2.4 The Association aims to strengthen women's influence in:

- shaping technological development;
- contributing to technical solutions;
- driving innovation;
- founding and leading technology companies.

2.5 The Association works to:

- build strong professional networks;
- organise panel discussions, workshops and events;
- run mentorship programmes;
- promote AI and technology upskilling;
- foster diversity and inclusion within the tech industry;
- share knowledge openly with a wider public, including with non-members.

2.6 The Association is non-profit, politically independent and independent of commercial interests. The Association does not serve the commercial, economic or professional interests of its members, and no activity of the Association may be carried on for the private benefit of individual members.

2.7 A material part of the Association's events, knowledge sharing and programmes shall be open to persons who are not members, and the Association shall so far as possible make knowledge and materials publicly available free of charge or at an accessible price.

3. Activities and Income

3.1 To finance and further its purpose, the Association may carry out income-generating activities, including but not limited to membership fees, paid events, workshops and masterclasses, sponsorships, partnerships, sales, and grants from public and private funds.

3.2 Such activities are a means of financing the purpose set out in Clause 2 and shall at all times remain subordinate to, and be carried out in support of, that purpose.

3.3 Any surplus or income earned by the Association shall be applied solely to the pursuit of the public-benefit purpose set out in Clause 2, or set aside (henlagt) for later use for that purpose. Amounts set aside shall be kept effectively separate from the other funds of the Association and may be applied only to the purpose set out in Clause 2.

3.4 No part of the Association's funds or surplus may be distributed to members, whether during the existence of the Association or on its dissolution. Reasonable consideration paid for work actually performed for the Association, including remuneration approved under Clause 10.14, is not a distribution for the purposes of this Clause, provided that it is not calculated as a share of the Association's surplus.

3.5 The Association's funds shall be kept entirely separate from the private finances of its members and shall be held in accounts in the name of the Association.

3.6 The Association is a non-commercial association (ikke-erhvervsdrivende forening). The Board is authorised to register, and to change, the Association's form of registration (driftsform) in CVR so that it corresponds at all times to the Association's actual activities and to its obligations in respect of tax, VAT and employees, including by changing the registration from frivillig forening to almindelig (ikke-erhvervsdrivende) forening, and to effect the registrations for VAT, A-skat, AM-bidrag and ATP that follow from those activities.

4. Membership

4.1 Membership is open to any individual who supports the purpose and values of the Association. Membership is obtained by registering with the Association and paying the applicable membership fee. The Board decides on the practical procedure for admission.

4.2 The Board determines the criteria for membership categories and what constitutes an **active member**. The criteria determined by the Board may not deprive of voting rights any member who has been admitted in accordance with Clause 4.1 and who is not in arrears with the applicable membership fee.

4.3 Members must comply with these Articles of Association and with decisions made by the General Assembly and the Board. Members are entitled to receive a copy of these Articles of Association upon request.

4.4 Only active members have voting rights at the General Assembly.

4.5 Membership is not a condition for taking part in those activities of the Association that are open to a wider public, cf. Clause 2.

5. Termination and Exclusion of Membership

5.1 Membership ceases upon resignation, upon exclusion, or upon failure to pay the membership fee in accordance with Clause 6.4.

5.2 Resignation may be made at any time with immediate effect by written notice.

5.3 The Board may exclude a member, by decision of the Board taken by a two-thirds (2/3) majority, if the member acts against the interests or purpose of the Association or seriously breaches these Articles. The member must be given the opportunity to be heard before a decision is made. The excluded member may, by written request to the Board within 14 days of being notified of the decision, require the exclusion to be placed on the agenda of the next ordinary General Assembly, which decides the matter by a simple majority of the votes cast. The exclusion remains in force until the General Assembly resolves otherwise.

6. Membership Fees

6.1 The General Assembly determines the annual membership fee, and may determine separate fees for the membership categories established by the Board under Clause 4.2. The General Assembly may instead determine a maximum annual fee, within which the Board sets and differentiates the fees for the individual membership categories; the Board shall report the fees so set to the next ordinary General Assembly. A fee once determined continues unchanged until the General Assembly resolves otherwise.

6.2 The Board may grant reduced fees or exemptions for students, volunteers or specific member groups.

6.3 The Board may set different prices for members and non-members for the Association's events and activities. The Association shall nevertheless maintain activities that are open to a wider public, cf. Clause 2.

6.4 If a membership fee is not paid within 30 days of a written reminder sent to the member, membership ceases without further notice. The Board may instead resolve to suspend the membership until the fee has been paid.

6.5 Until the General Assembly has determined a membership fee, no fee is payable and membership is obtained by registration with the Association alone. A membership fee may be determined at any General Assembly, including an Extraordinary General Assembly convened under Clause 9.1.

7. General Assembly

7.1 The General Assembly is the highest authority of the Association.

7.2 Only active members, cf. Clause 4.2, have voting rights. Each active member has one vote.

7.3 The Board convenes the General Assembly with at least 21 days' notice by email to the members and/or by publication on the Association's official channels. The notice must state the agenda.

7.4 Proposals from members must be submitted to the Board in writing no later than 14 days before the General Assembly. The Board shall circulate the final agenda, including any proposals received from members and the full wording of any proposed amendment to these Articles, to the members no later than seven (7) days before the General Assembly.

7.5 Candidates for election to the Board must be nominated prior to the General Assembly within a deadline set by the Board. That deadline may not fall earlier than seven (7) days before the General Assembly. Where the Board has set no deadline, nominations may be made at the General Assembly itself.

7.6 Elections must be conducted in a transparent and non-discriminatory manner. The Board may propose candidates, but all validly nominated candidates must be presented equally.

7.7 At least one ordinary General Assembly shall be held each year with a pre-established agenda. Decisions may only be made on matters included in the final agenda circulated under Clause 7.4.

7.8 The agenda of the ordinary General Assembly must include at least the following items:

(a) election of a chair of the meeting (dirigent) and a minute-taker (referent);

(b) the Board's report on the past year;

(c) presentation and approval of the annual accounts, together with the auditor's report where an auditor has been elected;

(d) presentation of the budget and determination of the membership fee;

(e) proposals received from the Board and from members;

(f) election of Board members and, where relevant, alternates;

(g) election of an auditor, or a resolution on whether an auditor shall be elected, cf. Clause 14.7;

(h) any other business.

7.9 Members may participate and vote in the General Assembly by electronic means where the Board decides to make this possible, including a wholly or partly digital General Assembly. The Board ensures that any such participation and voting take place in a secure and verifiable manner.

8. Voting and Resolutions

8.1 Every active member, cf. Clause 4.2, has one vote at the General Assembly.

8.2 A member may grant a written proxy to another member. No member may hold more than two (2) proxies.

8.3 The General Assembly forms a quorum and may validly pass resolutions irrespective of the number of members present or represented. Except where these Articles require a qualified majority, resolutions are passed by a simple majority of the votes cast. Blank votes and abstentions are not counted as votes cast and are disregarded when calculating any majority required under these Articles. In the event of a tie, the motion is rejected.

8.4 Voting is by show of hands, unless at least one member requests a written (secret) ballot.

8.5 Minutes of the General Assembly are taken and signed by the chair of the meeting and the minute-taker.

9. Extraordinary General Assembly

9.1 An Extraordinary General Assembly may be convened by the Board, or upon written request by at least one-third (1/3) of the active members stating the matter to be discussed.

9.2 The meeting must be held no later than six (6) weeks after such request is received. An Extraordinary General Assembly is convened with at least 14 days' notice, given in the same manner as for the ordinary General Assembly, and the notice must state the agenda.

10. Board of Directors

10.1 The Association is managed by a Board consisting of 3–7 members elected by the General Assembly.

10.2 Board members are elected from among the Association's members for a term of two (2) years and may be re-elected.

10.3 To ensure continuity, elections are staggered so that as close as possible to half of the Board is elected each year. At the first General Assembly at which these Articles of Association are adopted, the General Assembly determines which of the elected members serve an initial term of one (1) year and which serve a term of two (2) years, so that the staggering is established from the outset. Where the size of the Board changes, the General Assembly determines the term of each newly elected member so that the staggering is maintained.

10.4 Alternates (suppleanter) are elected for a term of one (1) year.

10.5 Board members remain in office for the duration of their term unless they resign or are removed in accordance with Clause 12.

10.6 The Board constitutes itself and assigns roles, including Chairperson, Vice Chairperson and Treasurer.

10.7 The Board should, as far as possible, be composed so that it collectively holds competencies relevant to the Association's activities and development — for example within finance, fundraising, marketing, community-building and the operation of commercial activity.

10.8 The Board is responsible for the overall management of the Association and ensures that its activities are conducted in accordance with its purpose, these Articles and the decisions of the General Assembly.

10.9 The Board adopts its own rules of procedure.

10.10 A Board meeting has a quorum when at least half of the Board members are present, including the Chairperson or the Vice Chairperson. Where no Vice Chairperson has been appointed, or where neither the Chairperson nor the Vice Chairperson is able to attend, a Board meeting has a quorum when at least half of the Board members are present and those present appoint one of their number to chair the meeting. Decisions are made by simple majority. In case of a tie, the Chairperson of the meeting has the casting vote.

10.11 Minutes are kept of Board meetings.

10.12 Board members shall not participate in decisions in which they have a personal, professional or financial interest.

10.13 The Board may employ a daily manager (daglig leder) and other staff, and may delegate the day-to-day management of the Association to them within guidelines laid down by the Board. The Board remains ultimately responsible for the operations, staff and finances of the Association.

10.14 Board members serve without remuneration unless the General Assembly resolves otherwise. The General Assembly may resolve that remuneration be paid to one or more Board members for their work as Board members. Any such resolution must state the amount or the basis on which it is calculated, and the period it covers, and must be recorded in the minutes.

10.15 Remuneration under Clause 10.14 must be reasonable in relation to the nature and extent of the work performed and to the Association's financial position, must not be calculated as a share of the Association's surplus, and must not exceed what would be payable to an unrelated third party for equivalent work. A Board member may not vote on the determination of their own remuneration.

11. Founder and Advisory Role

11.1 The Board may appoint one or more advisors, including the founder, to participate in Board meetings in a non-voting capacity.

11.2 Advisors may provide strategic input but do not hold formal decision-making authority. Advisors serve at the discretion of the Board and may be removed by the Board at any time.

12. Removal of Board Members

12.1 A Board member may be removed before the expiry of their term by a decision of the General Assembly adopted by a two-thirds (2/3) majority of votes cast.

12.2 The proposal for removal must be included in the agenda.

13. Board Resignation and Vacancies

13.1 If a Board member resigns or otherwise leaves office before the expiry of their term, the remaining Board members may continue to exercise the Board's powers, provided that at least three Board members remain.

13.2 The Board may appoint by simple majority an interim Board member to serve until the next General Assembly, at which the position shall be subject to election for the remainder of the original term.

13.3 If fewer than three Board members remain, the Board shall convene an Extraordinary General Assembly as soon as reasonably practicable for the election of a new Board.

13.4 A Board member may resign by written notice. Unless otherwise agreed, the resignation takes effect upon receipt of the notice.

14. Accounts and Finances

14.1 The financial year of the Association is the calendar year. The first financial year runs from the founding of the Association on 10 April 2026 until 31 December 2026.

14.2 The Treasurer is responsible for maintaining the accounts and presenting the annual financial statement to the General Assembly.

14.3 The Association's funds must be used solely in accordance with its purpose.

14.4 The accounts shall be kept so that income from business activity can be distinguished from membership fees, gifts, grants and other non-business income, and so that amounts applied or set aside for the public-benefit purpose can be documented.

14.5 The Board may open bank accounts and seek funding through grants, sponsorships and partnerships.

14.6 No member may receive any share of the Association's funds. Board members may, however, be reimbursed for documented expenses incurred on behalf of the Association, and may receive remuneration approved by the General Assembly under Clause 10.14. Remuneration and reimbursements paid to Board members shall be disclosed in the annual accounts.

14.7 Where required by law or warranted by the size and nature of the Association's activities, the General Assembly shall elect a state-authorised public accountant (statsautoriseret revisor) to audit the annual accounts. Where no such requirement applies, the General Assembly may resolve that no auditor shall be elected for the time being. If the need for an auditor arises before the next ordinary General Assembly, the Board shall convene an Extraordinary General Assembly for the election of an auditor.

14.8 The Board shall regularly assess whether the Association's funds are adequate and responsible in relation to its activities, and shall ensure that the bookkeeping and the management of the Association's assets are subject to satisfactory control.

15. Representation and Liability

15.1 The Association is legally bound by the joint signature of the Chairperson and the Treasurer, by the joint signature of the Vice Chairperson and the Treasurer, or by the full Board. The two signatories must at all times be two different persons.

15.2 For the purchase, sale or mortgaging of real property, and for the raising of loans, the signatures of the entire Board are required.

15.3 The Board may grant a power of procuration (prokura).

15.4 Where the Board has employed a daily manager, the Board may authorise that manager to bind the Association alone in matters of ordinary day-to-day management up to an amount determined by the Board. Dispositions of an unusual nature or of major significance to the Association must always be submitted to the Board.

15.5 Board members are not personally liable for the obligations of the Association.

15.6 Only the assets of the Association are liable for its obligations.

16. Amendments and Dissolution

16.1 Amendments to these Articles of Association require a two-thirds (2/3) majority of votes cast at a General Assembly.

16.2 For amendments concerning:

- the purpose of the Association;
- the composition, election, term or removal of the Board under Clauses 10.1 to 10.5 and 12.1, the voting rules under Clause 8, or the rules on representation under Clause 15.1; or
- dissolution,

adoption requires approval by a two-thirds (2/3) majority of the votes cast at two consecutive General Assemblies held at least two (2) and no more than six (6) weeks apart. The second General Assembly must be presented with the proposal in the same wording as the first.

16.3 In the event of dissolution, the Association's assets shall be transferred to one or more associations, foundations or organisations resident in Denmark or in another EU/EEA country having a charitable (almenvelgørende) or otherwise public-benefit (almennyttigt) purpose which corresponds to, or is

closely related to, the purpose set out in Clause 2. The final General Assembly decides on the specific recipient by a two-thirds (2/3) majority.

16.4 Under no circumstances may the Association's assets be distributed to its members.

17. Transitional Provisions

17.1 These Articles of Association are the Association's first written Articles of Association. They were adopted at the General Assembly held on the date stated below and take effect from that date.

17.2 That General Assembly ratified the dispositions made on the Association's behalf in the period from its founding on 10 April 2026 until the adoption of these Articles, including the registration of the Association in CVR.

17.3 Until the Board has determined what constitutes an active member under Clause 4.2, every member entered in the member register at the General Assembly referred to in Clause 17.1 is an active member with voting rights.

17.4 The Board members elected at that General Assembly serve the initial terms allocated to them under Clause 10.3, as recorded in the minutes of that General Assembly.

Adopted as the Association's first Articles of Association at the General Assembly on **20th of August 2026.**

Signed by the chair of the meeting (dirigent) and the elected Board:
